Ref: NOV 89-26-21-2, Bear Canyon Mine, ACT/015/025, Co-Op Mining  
Company, Emery County Utah.

Although the actual surface work is expected to be completed by the present abatement date, 15 December 1989, additional time for completion of related changes to the mine plan, plates and text is requested. Please extend the abatement date to 29 December 1989. This should allow for the required updates to be properly coordinated.
